

THE COMMON GUILD

Visual arts: Projects / Events / Exhibitions

Environmental Policy /

The Common Guild is a visual arts organisation based in Glasgow. It was established in 2006 and presents a dynamic, international programme of contemporary visual art projects, exhibitions, and events. These include gallery-based exhibitions at our current premises as well as non-gallery, one-off projects, talks and collaborations. We are committed to presenting artists' work in interesting and engaging ways and aim to offer access to world-class contemporary art experiences and discussions.

The Common Guild is committed to environmentally-responsible working across all of our operations. We aim to minimise the environmental impact of our work, to promote green awareness and initiatives, and to hold environmental responsibility at the heart of the organisation. The responsibility for this lies with all staff and is supported by our board.

Our approach is aligned to the basic principles of reduce, reuse and recycle -

- We will reduce waste, power usage, carbon emissions incurred
- We will reuse materials wherever possible
- We will recycle waste and other materials

How we will do this is laid out in detail in our Environmental Practice Procedures document which is reviewed and updated regularly with all staff.
